

“EMERGING BUSINESS OPPORTUNITIES FOR THE INDUSTRY”

HUMAN SPARE PARTS PROGRAM

BioMediTech invites You to Tampere on 22nd May 2018 to a one-day seminar for industry representatives at the Arvo building. The main day is to introduce the results as well as the Human Spare Parts program. The seminar is free of charge and that could lead e.g. to Business Development opportunities.

As a part of the Human Spare Parts program, BioMediTech has developed a new model for solving the human spare parts problem. The Human Spare Parts program is a new model for solving the human spare parts problem as well as the Human Spare Parts program. The Human Spare Parts program is a new model for solving the human spare parts problem as well as the Human Spare Parts program.
